Chapter 1: Accessing Provider Data Management to View Salary Reserve Data

Introduction

This section of the Provider Data Management (*PDM*) Service is for the implementation of a data collection web-based application which will collect payroll data from providers and will facilitate the distribution of approximately \$20M to Purchase of Service contractors who provide human and social services to Commonwealth clients.

The Salary Reserve web application provides Purchase of Service (POS) providers and EOHHS agency staff with access to real-time data over the internet. The Salary Reserve web application will be the system of record for all of the Salary Reserve data content. This application will be made available whenever Salary Reserve is part of the Budget.

You can access *PDM* to

- view
- update
- manage

Salary Reserve FY 2013 data.

Accessing PDM through the Virtual Gateway

To access *PDM*:

1. Open a web browser.
2. Type Web address www.mass.gov/vg in browser.

Health and Human Services Virtual Gateway portal page appears.

3. Click the **Logon to the Virtual Gateway** link listed under **ONLINE SERVICES** on the left.

Virtual Gateway

Though we may be "virtual" in name, the services we support are very real. MassHealth, Food Stamps, and Child Care are just a few examples. The Virtual Gateway brings information and access together in a single location on the Internet for individuals, families, providers, and government.

Programs & Services

- Common Intake
- Enterprise Invoice/Service Management (EIM/ESM)
- Interpreter Referral Information System (IRIS)
- Developmental Services Quality Reporting (HCSIS)
- Provider Data Management (PDM)
- See All

Logon to the Virtual Gateway

How can you use the Virtual Gateway?

The Virtual Gateway has three primary categories of services: Services for Consumers, Services for Providers and Government Workers, and Services for Government Workers only.

Virtual Gateway Mission

The Virtual Gateway aims to deliver services in new, better, and more innovative ways to the Commonwealth's citizens.

Chapter 4: Glossary

Introduction

The following table lists the data elements and their definitions for the Salary Reserve Data Collection Application.

Tip: Asterisk denotes required field.

Data Element	Definition
Contractor name	Agency name as used in articles of incorporation or organization.
*Contact person	The name of the person who can answer Salary Reserve questions about the survey, should any arise.
*Telephone	The contractor's telephone number, including area code and extension, if any.
FEIN	9 digit federal employer identification number (FEIN).
*FY 2013 contract number	20 digit MMARS contract identification number.
*Dept.	3 letter identifier of the department with whom contractor has a contract.
*Full-time equivalents earning less than \$40,000 in program	The number of eligible employees (full and part time) in terms of full time equivalents (FTEs) earning less than \$40,000 that work in the program.
*Annual salaries of employees earning less than \$40,000 in program	The annual salaries of eligible employees earning less than \$40,000 for the portion of their time attributable to a program.
*Percentage of program purchased by department	This is the percentage of the program that is purchased by the department.

Data Element	Definition
Annual salaries less than \$40,000 attributable to this contract and program	No entry (see note below). This column is calculated by a built-in formula that multiplies percentage of program purchased by eligible salaries of <\$40,000.
*MMARS activity code	Enter the MMARS activity code associated with the listed program.
Accounting Line Number (optional)	Enter the accounting line number associated with the listed program.

Notes:
